FALL MONTHLY SERVICES UPDATE

This fall we served on a monthly basis, approximately 4566 breakfasts, 5176 lunches, and 985 dinners totaling 10,727 hot meals! We distributed approximately 203 bags of food to families and 48 commodity bags to seniors and families. We provided shower facilities for people who were homeless, some of which come every week. We provided bus passes to those without funds to get medical treatment, seek employment. We continued assistance for those needing to gain employment, develop resumes and complete job applications. We gave out lots of clothing to whoever came to us for assistance. We also distributed funds for families who could not pay this months rent to keep them from being evicted.

Thank you to all who donated, volunteered or served this fall!
